FIRST OFFENCE OF PLAGIARISM

Ref.No:

Date: 15 October 2026

Mayimele Ntsako
ST10513647

Dear Mayimele Ntsako

Plagiarism

The lecturer who has assessed your assessment for OPSY5121 – Operating Systems 1a A has noted that some or all of the work appears to have been plagiarised.

In line with **The IIE Intellectual Integrity Policy** (IIE023) you are being afforded one opportunity to amend this situation with no academic penalty.

You may ONLY correct the referencing or paraphrase existing content that was plagiarised. The existing content CANNOT be changed in any other way, nor can new content be included.

You must resubmit the assessment (both the original and the revised versions) within five working days and it will be remarked without a penalty even if it contains minor referencing errors. However, if the resubmitted work still contains plagiarised sections, you will be given a mark of 0%. If you do not resubmit your work a mark of 0% will be entered on the student information system.

Please note that the fact that you have been given the opportunity to resubmit is being recorded on the student information system – this means that any further incidents of plagiarism will be handled with greater penalties and consequences for you.

You have signed a declaration that you will respect the intellectual property rights of others and will reference your work appropriately. You do not appear to have done this.

If you require support or assistance or some guidance in this regard, please speak to both your lecturer and another appropriate academic/ Information Specialist (Librarian) who can assist you in mastering the skills to avoid this happening again.

If you have submitted other assessments that are also plagiarised and this work has not been returned to you yet, please contact your campus Head of Department (HoD/Relationship Navigator (RN) and you will be permitted to resubmit these assessments also without penalty. If you do not come forward immediately with this information, any future work that is viewed as plagiarised will be treated as a second offence.

Please note that future infringements will carry more serious penalties – plagiarism is academic theft and needs to be handled as such.

Good luck in mastering referencing skills – they will stand you in good stead throughout your life.

Yours faithfully

OPSY5121 Lecturer

I Ntsako Mayimele ST10513647confirm that I have received and read this letter regarding my first plagiarism offence.
